Progressive Plastics, Inc. has been manufacturing stock & custom plastic bottles for over 40 years. Guided by a focused mission to deliver Customer Satisfaction with each & every bottle we make, Progressive Plastics offers Consistent High Quality, On-Time Delivery, True Value, & Innovative Technology. Our "Customer Value Improvement Program" continually evaluates every aspect of the supply chain adding further value to goods and services each and every customer receives. We also offer Bottle Decoration capabilities as well as a full range of Design, Engineering, & Manufacturing Services. Take advantage of a wide assortment of stock bottles, or collaborate with our packaging development team to create unique custom images to build brand identity.

PROCESS CAPABILITIES:

- Extrusion Blow Molding
- Injection Blow Molding
- Injection-Stretch Blow Molding
 - Single Stage
 - Two Stage
- Injection Molding Preforms

DECORATING CAPABILITIES:

- Shrink Sleeve Labeling
- Graphic Design Services

CAVITATION:

- 2 to 20 Cavities

STOCK & CUSTOM TOOLING:

- Over 160 Stock Bottle Molds
- Full Service Custom Design
 - From Concept
 - To Design
 - To Production
 - To Delivery

ASSEMBLY & DISTRIBUTION

ADVANCED LOGISTICS

MATERIAL CAPABILITIES:

- HDPE - High Density Polyethylene
- LDPE - Low Density Polyethylene
- PET - Polyethylene Terephthalate
- PP - Polypropylene
- PVC - Polyvinyl Chloride
- Post Consumer Recycled Material
 - HDPE
 - PET

CERTIFICATIONS:

- FDA Compliant
- Drug Master File
- cGMP Compliant
- Dairy Packaging Certified
- ISO 9001 Compliant
- OSHA Certified
- HACCP

ADVANCED ENGINEERING:

- Pro-E 3D CAD System
- Prototypes
- Mold/Tool Design
- Part Design
- Model Construction
- Process Development

INDUSTRIES SERVED:

- Food & Beverage
- Consumer Chemicals
 - Household Chemicals
 - Automotive Chemicals
 - Industrial Chemicals
- Housewares
- Personal Care
 - Cosmetics
 - Health & Beauty Aids
- Pharmaceutical
- Medical Devices
